[My-Portfolio](#)

PROFESSIONAL SUMMARY

Passionate Machine Learning with Python Developer specializing in data analysis and predictive modeling. Experienced in building full-stack AI solutions using React.js and Flask. Dedicated to extracting high-value insights from complex datasets and creating user-friendly interfaces for advanced technological systems.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, HTML5, CSS

Data & AI: TensorFlow, PyTorch, scikit-learn, Machine Learning, Predictive Modeling

Databases: MySQL, MongoDB, Firebase

Tools & Cloud: Google Colab, VS Code, AWS, GCP, Mapbox, Twilio APIs, Git , Antigravity, Cursor

PROJECTS

CaneDA-GDP – AI-Powered Agricultural Data Analytics Platform | [GitHub](#) | [Live Demo](#) Dec 2025 –Dec 2025
Streamlit, Python, Pandas, Machine Learning, Data Visualization, SQL

- Developed an intelligent agricultural analytics platform for monitoring and analyzing sugarcane production and GDP-related insights using real-time datasets.
- Implemented machine learning and data-driven forecasting techniques to identify production trends, improving analytical decision-making accuracy.
- Built an interactive Streamlit dashboard with dynamic visualizations and responsive reporting features for efficient agricultural data interpretation.

AI Health Risk Predictor | [GitHub](#) | [Live Demo](#)

Jan 2024 – June 2024

Python, scikit-learn, Flask, React.js, Data Visualization

- Engineered an intelligent diagnostic system to predict risks for diabetes and heart disease with high accuracy.
- Implemented personalized recommendation logic for preventive health measures based on user biometric data.
- Designed an interactive dashboard for users to track health trends and early symptoms visually.

EDUCATION

Diploma in Information Technology 2023 – 2026 Gujarat Technological University (Government Polytechnic Kheda), Ahmedabad *Expected 2026*

Certification: Machine Learning with Python – TOPS Technologies (2025)

CERTIFICATIONS & ACHIEVEMENTS ([All Certificates](#))

- **Winner/Finalist – NICE 25:** National Inter-College Crossword Expedition West Zone Finalist.

- **IBMSkillsBuild:** Completed 4-week Project-based Certification in AI & Full Stack development.
- **AWS&GoogleTools:** Certifications in Generative AI (Skill Nation) and IT for Business (HP LIFE).
- **Technical Certifications:** Cyber Security & AI Ready Full Stack (TOPS), Python Zero to Hero (DevTown).
- **Competitive Learning:** Ranked in Elite Coders Quizzes for DSA (Python) and Machine Learning.
